The Invention of Wings Sue Monk Kidd 2014-01-07 The newest Oprah's Book Club 2.0 selection: this special eBook edition of *The Invention of Wings* by Sue Monk Kidd features exclusive content, including Oprah's personal notes highlighted within the text, and a reading group guide. Writing at the height of her narrative and imaginative gifts, Sue Monk Kidd presents a masterpiece of hope, daring, the quest for freedom, and the desire to have a voice in the world. Hetty "Handful" Grimke, an urban slave in

early nineteenth century Charleston, yearns for life beyond the suffocating walls that enclose her within the wealthy Grimke household. The Grimke's daughter, Sarah, has known from an early age she is meant to do something large in the world, but she is hemmed in by the limits imposed on women. Kidd's sweeping novel is set in motion on Sarah's eleventh birthday, when she is given ownership of ten year old Handful, who is to be her handmaid. We follow their remarkable journeys over the next thirty five years, as both strive for a life of their own, dramatically shaping each other's destinies and forming a complex relationship marked by guilt, defiance, estrangement and the uneasy ways of love. As the stories build to a riveting climax, Handful will endure loss and sorrow, finding courage and a sense of self in the process. Sarah will experience crushed hopes, betrayal, unrequited love, and ostracism before leaving Charleston to find her place alongside her fearless younger sister, Angelina, as one of the early pioneers in the abolition and women's rights movements. Inspired by the historical figure of Sarah Grimke, Kidd goes beyond the record to flesh out the rich interior lives of all of her characters, both real and invented, including Handful's cunning mother, Charlotte, who courts danger in her search for something better. This exquisitely written novel is a triumph of storytelling that looks with unswerving eyes at a devastating wound in American history, through women whose struggles for liberation, empowerment, and expression will leave no reader unmoved. Miss Mayhem Rachel Hawkins 2016-03-01 New York Times bestselling author Rachel Hawkins is sassier than ever in this page-turning follow up to *Rebel Belle*, perfect for fans of *Buffy* and *Veronica Mars*. Life is almost back to normal for Harper Price. The Ephors have been silent after their deadly attack at Cotillion months ago, and best friend Bee has returned after a mysterious disappearance. Now Harper can return her focus to the important things in life: school, canoodling with David, her nemesis-turned-ward-slash-boyfie,

and even competing in the Miss Pine Grove pageant. Unfortunately, supernatural chores are never done. The Ephors have decided they'd rather train David than kill him. The catch: Harper has to come along for the ride, but she can't stay David's Paladin unless she undergoes an ancient trial that will either kill her . . . or make her more powerful than ever. "Everything you could want from the genre and more: heart, smarts, scares, swoons and best of all, LAUGHS." —Kirkus Reviews "Harper's signature wit punctuates the action, balancing snappy satire of the Pine Grove community and its beauty pageant with the edgy suspense of the Ephors' everlooming next attack."--Booklist

Issaura's Claws Katharine Wibell 2016-11-29 "According to legend, when the world was young, the goddess Issaura appeared among men. Those who treated her with kindness received the gift of the gods--the ability to transform into an animal form. This was a great honor but one that separated this race from other humans. Before Issaura departed the mortal realm, she promised to return if her people were ever at the point of destruction. "Now a threat is rising from a land across the mists of the ocean, a threat that will push this race to the brink of extinction. Responding to the call to war, seventeen-year-old Lluava heads off to find her destiny, one that will carve her name in history." The Kingdom of Elysia consists of two races: the dominant race of humans and the native race of Theriomorphs who can shift into animal form. Although law dictates equal treatment, they neither like nor trust each other. Now brutal and ruthless Raiders are approaching; there is only one chance to defeat them. An army must be raised and trained. An army where each human will be paired with a Theriomorph partner. An army that must fight as one to defeat their common enemy. Women are not warriors. However, Lluava is not like other women - human or Theriomorph. Her animal form is a magnificent beast whose power and fury she must learn to control. Although Lluava endures intense physical training and strives to overcome the doubts of the male recruits, she faces an unexpected adversary in the commanding general who seeks to break both her spirit and her body. At

the paring ceremony, Lluava is humbled when presented with a unique and ancient weapon. Yet she becomes distraught and angry when her human partner is revealed. If they fail to trust each other, the consequences will be devastating. Death and destruction are on the horizon and time is running out. The Incarn Saga is a young adult fantasy series inspired by ancient myths, filled with fast-paced action and adventure, and enriched by an understanding of animal behavior that defines the shape-shifting Theriomorphs.

An Anglo-Norman Reader Jane Bliss 2018-02-08

This book is an anthology with a difference. It presents a distinctive variety of Anglo-Norman works, beginning in the twelfth century and ending in the nineteenth, covering a broad range of genres and writers, introduced in a lively and thought-provoking way. Facing-page translations, into accessible and engaging modern English, are provided throughout, bringing these texts to life for a contemporary audience. The collection offers a selection of fascinating passages, and whole texts, many of which are not anthologised or translated anywhere else. It explores little-known byways of Arthurian legend and stories of real-life crime and punishment; women's voices tell history, write letters, berate pagans; advice is offered on how to win friends and influence people, how to cure people's ailments and how to keep clear of the law; and stories from the Bible are retold with commentary, together with guidance on prayer and confession. Each text is introduced and elucidated with notes and full references, and the material is divided into three main sections: Story (a variety of narrative forms), Miscellany (including letters, law and medicine, and other non-fiction), and Religious (saints' lives, sermons, Bible commentary, and prayers).

Passages in one genre have been chosen so as to reflect themes or stories that appear in another, so that the book can be enjoyed as a collection or used as a resource to dip into for selected texts.

This anthology is essential reading for students

and scholars of Anglo-Norman and medieval literature and culture. Wide-ranging and fully referenced, it can be used as a springboard for further study or relished in its own right by readers interested to discover Anglo-Norman literature that was written to amuse, instruct, entertain, or admonish medieval audiences.

The Enduring Challenge of Concentrated

Poverty in America David Erickson 2008 This report--a joint effort of the Federal Reserve's Community Affairs function and the Brookings Institution's Metropolitan Policy Program--examines the issue of concentrated poverty and profiles 16 high-poverty communities from across the country, including immigrant gateway, Native American, urban, and rural communities. Through these case studies, the report contributes to our understanding of the dynamics of poor people living in poor communities, and the policies that will be needed to bring both into the economic mainstream. It is not the intention of this publication to explain poverty causation. Instead, the goal is to add texture to our understanding of where and how concentrated poverty exists, by studying new areas and by interviewing local stakeholders, including residents, community leaders, and government representatives, to understand how concentrated poverty affects both individuals and communities. The report begins with "Concentrated Poverty in America: An Overview" (Alan Berube) and "Introduction to the Case Studies" (Carolina Reid). It then presents the following 16 case studies: (1) Fresno, California: the West Fresno neighborhood (Naomi Cytron); (2) Cleveland, Ohio: the Central neighborhood (Lisa Nelson); (3) Miami, Florida: the Little Haiti neighborhood (Ana Cruz-Taura and Jessica LeVeon Farr); (4) Martin County, Kentucky (Jeff Gatica); (5) Blackfeet Reservation, Montana (Sandy Gerber, Michael Grover, and Sue Woodrow); (6) Greenville, North Carolina: the West Greenville neighborhood (Carl Neel); (7) Atlantic City, New Jersey: the Bungalow Park/Marina District area (Harriet Newburger, John Wackes, Keith Rolland, and Anita Sands); (8) Austin, Texas: the East Austin neighborhood (Elizabeth Sobel); (9) McKinley County, New Mexico: Crownpoint (Steven Shepelwich and Roger Zalneraitis); (10)

McDowell County, West Virginia (Courtney Anderson Mailey); (11) Albany, Georgia: the East Albany neighborhood (Jessica LeVeon Farr and Sibyl Slade); (12) El Paso, Texas: the Chamizal neighborhood (Roy Lopez); (13) Springfield, Massachusetts: Old Hill, Six Corners, and the South End neighborhoods (DeAnna Green); (14) Rochester, New York: the Northern Crescent neighborhoods (Alexandra Forter Sirota and Yazmin Osaki); (15) Holmes County, Mississippi (Ellen Eubank); and (16) Milwaukee, Wisconsin: the Northwest neighborhood (Jeremiah Boyle). Following these case studies is "Learning from Concentrated Poverty in America: A Synthesis of Themes from the Case Studies" (Alan Berube, David Erickson, and Carolina Reid). Appended to this report are: (A) References for Comparison Statistics Tables; (B) Literature Review: Federal Reserve System Poverty-Related Research; (C) References for Overview in Alphabetical Order (by First Author); and (D) Photo Credits. (Individual case studies contain tables, figures, and footnotes.).

First Piatigorsky Cup International Grandmaster Chess Tournament Held in Los Angeles, California July 1963

Samuel Reshevsky 2009-11-01 To help bring to the United States chess of the highest quality in the world, Mrs. Gregor Piatigorsky and her husband, the world renowned cellist, created the Piatigorsky Cup as a symbol of excellence in chess. Along with the trophy went the finest playing conditions and the highest prizes ever offered for any chess event. For the first time since 1932, a world chess champion appeared in an American tournament when Tigran Petrosian, USSR, joined seven other of the greatest international grandmasters in a month of competition at the Ambassador Hotel in Los Angeles. Players, in addition to Petrosian, included Paul Keres, also of the Soviet Union; Miguel Najdorf and Oscar Panno of Argentina; Fridrik Olafsson of Iceland; Svetozar Gligoric of Yugoslavia; and Samuel Reshevsky and Pal Benko of the United States. This book contains the complete score of all 56 games played by these eight international grandmasters. All of the games have been converted into Algebraic Notation. Each of the players annotated the game he

considered his best and Reshevsky annotated the rest. The book is edited by Isaac Kashdan. Many of these games are likely to become classics and every chess player, from novice to master, will be able to learn fine points of the game from this volume.

Saving Face in Business Rebecca S. Merkin 2017-09-14 This book explains the subtle maneuvers of what researchers call “facework” and demonstrates the vital role it plays in the success or failure of cross-cultural interactions. Building on Geert Hofstede’s seminal research on cultural dimensions, Merkin synthesizes more recent research in business, communication, cross-cultural psychology and sociology to offer a model for better understanding facework. Additionally, Merkin’s model shows how particular communication strategies can facilitate more successful cross-cultural interactions. The first book of its kind to focus on the practical aspects of employing face-saving, it is a needed text for academics, students, and business professionals negotiating with organizations from different cultures.

Soviet Chess 1917–1991 Andrew Soltis 2014-10-29 This large and magnificent work of art is both an interpretive history of Soviet chess from the Bolshevik Revolution to the collapse of the U.S.S.R. in 1991 and a record of the most interesting games played. The Scurlock Studio and Black Washington

2009-01-07 Nearly a century's worth of Scurlock photographs combine to form a searing portrait of black Washington in all its guises—its challenges and its victories, its dignity and its determination. Beginning in the early twentieth century and continuing into the 1990s, Addison Scurlock, followed by his sons, Robert and George, used their cameras to document and celebrate a community unique in the world, and a stronghold in the history and culture of the nation's capital. Through photographs of formal weddings, elegant cotillions, ballet studios, and quiet family life, the Scurlocks revealed a world in which the black middle class refused to be defined or held captive by discrimination. From its home on the vibrant U Street corridor, the Scurlock Studio gave us indelible images of leaders and luminaries, of high society and working class, of Washingtonians at work and at play. In photograph after photograph, the Scurlocks captured an optimism and resiliency seldom seen in mainstream depictions of segregated society. Luminaries such as Duke Ellington, Ralph Bunche, Mary McLeod Bethune, Alain Locke, Martin Luther King, Jr., and Lois Mailou Jones testify to the intellectual and cultural vibrancy that was unique to Washington and an inspiration to the nation. Photographs of a Peoples Drugstore protest and Marian Anderson's Easter morning concert at the Lincoln Memorial remind us that the struggle for equality in black Washington began long before the civil rights movement of the 1960s. Offering a rich lens into our past, *The Scurlock Studio and Black Washington* is a powerful trigger of personal and historical memory.

The French Broad Wilma Dykeman 1965 *London 1922/The 1921 World Chess Championship Match* Geza Maroczy 2010 Historic London 1922! Jose Raul Capablanca was the superstar of chess in 1922 and London was his first serious chess in the 15 months since he had won the championship title from Emanuel Lasker. Capa was the chessplayer whom even non-players could identify. But the tournament signified not only Capa's return to the game, it was also something of a revival of international chess after four years of war and four more of recovery. The new world champion would ease into first place undefeated ahead of future world champion Alexander Alekhine. The young Dutchman Max Euwe was honing his skills that would also eventually take him to the top of the chess world. And Richard R(c)ti was about to unveil his â oeOpening of the Futureâ â " 1.Nf3!. London 1922 is important for all these reasons, but it also served as the setting for the creation of the famous â oeLondon Rules which would for years govern the way in which prospective challengers to the title would have the right to play the champion. As an added bonus, all fourteen games of the 1921 Capablanca-Lasker title match with annotations by Capa himself have been added to this new 21st-century edition. Complemented by more than a dozen archival photographs and a Foreword by Andy Soltis, London 1922 belongs in the library of every chessplayer!

DB2 9 for z/OS Performance Topics Paolo Bruni 2012-09-28 DB2 9 for z/OS is an exciting new version, with many improvements in

performance and little regression. DB2 V9 improves availability and security, as well as adds greatly to SQL and XML functions. Optimization improvements include more SQL functions to optimize, improved statistics for the optimizer, better optimization techniques, and a new approach to providing information for tuning. V8 SQL procedures were not eligible to run on the IBM System z9 Integrated Information Processor (zIIP), but changing to use the native SQL procedures on DB2 V9 makes the work eligible for zIIP processing. The performance of varying length data can improve substantially if there are large numbers of varying length columns. Several improvements in disk access can reduce the time for sequential disk access and improve data rates. The key DB2 9 for z/OS performance improvements include reduced CPU time in many utilities, deep synergy with IBM System z hardware and z/OS software, improved performance and scalability for inserts and LOBs, improved SQL optimization, zIIP processing for remote native SQL procedures, index compression, reduced CPU time for data with varying lengths, and better sequential access. Virtual storage use below the 2 GB bar is also improved. This IBM Redbooks publication provides an overview of the performance impact of DB2 9 for z/OS, especially performance scalability for transactions, CPU, and elapsed time for queries and utilities. We discuss the overall performance and possible impacts when moving from version to version. We include performance measurements that were made in the laboratory and provide some estimates. Keep in mind that your results are likely to vary, as the conditions and work will differ. In this book, we assume that you are familiar with DB2 V9. See DB2 9 for z/OS Technical Overview, SG24-7330, for an introduction to the new functions.

San Luis 2005 Alik Gershon 2007 San Luis 2005 is the most celebrated chess tournament of the decade. Bulgarian Grandmaster Veselin Topalov triumphed and proved that he is a worthy successor to World Champions such as Bobby Fischer and Garry Kasparov. Tournament books used to be a familiar part of chess literature with Zurich 1953 a classic example, however such books are now rare because of the huge effort they demand from the authors. Gershon and Nor have risen to the challenge and produced a book that is destined to become a modern classic, a magnificent book worthy of an extraordinary tournament. Many color photographs of the event and the surrounding Argentinean scenery help the reader feel what it was like to be at San Luis 2005.
