Winning the World Open Joel Benjamin 2022-03-15 In 1973 legendary organizer Bill Goichberg created the model for what would become an iconic American chess tournament. The deal at the World Open was plain and simple: high entry fees, big prizes, and no frills. From that moment onwards grandmasters and amateurs have been flocking to the World Open in an annual pilgrimage. Joel Benjamin and Harold Scott have

delved into the tournament's history, examined hundreds of games and conducted interviews with players that won the tournament on multiple occasions. The question that intrigued them was: why have some players been so consistent in their performances and always battled for the top prizes? Why did they excel among so many other strong grandmasters? They found that many different paths were taken on the road to victory, but that the Heroes definitely had one common factor: their fighting spirit! Benjamin and Scott present the history of the World Open in an entertaining tale of successes and scandals. The fighting spirit is shown in a fantastic collection of the very best and most crucial games that were played over the years. This book is as entertaining as it is instructive.

Making the Masters David Barrett 2012-03-21 Contested the second weekend in April each year since 1934, the Masters is the world's most prestigious golf tournament and most-watched tournament on television. Tickets are in such demand that even the waiting list is closed, and players value the title above all others. In *Making the Masters*, award-winning golf writer David Barrett focuses his attention on how the Masters was conceived, how it got off the ground in 1934, and how it fully established itself in 1935. The key figure in the tournament's creation and success was Bobby Jones, who was a living legend after winning the Grand Slam in 1930 and immediately retiring at the age of twenty-eight. He went on to found Augusta National and sought a high-profile tournament for his new course. But nearly as important was Clifford Roberts, a banker friend of Jones who not only embraced Jones's vision but became his right-hand man in working to bring that vision to reality. Barrett explores how Jones and Roberts built the Masters from scratch, creating a golf institution embellished by the often surprising details of what that entailed as they

were trying to establish a golf club and golf tournament in tough economic times. It also vividly chronicles the events of the 1934 and 1935 Masters, with Gene Sarazen's spectacular victory in 1935 providing the climax. Set against the backdrop of golf, and America, in the 1930s, the book provides an informative and entertaining read for fans of the Masters and students of golf history.

It is a book that intertwines three immortal subjects--Bobby Jones, Augusta National, and the Masters Tournament--into one compelling narrative. These three stories are inextricably linked; together, they form a fascinating backdrop to an April drama that is unique in the annals of golf and that, like Jones himself, transcends sports. Using firsthand experiences with Augusta National and the Masters Tournament that date back to 1948, Charles Price spent three years weaving together this historic story and, in an unprecedented move, Augusta National opened its guarded archives for his research, thereby making this book the first authorized history of both the club and the tournament.

**Unplayable** Robert Lusetich 2010-05-13 Since his professional debut in 1996, Tiger Woods has reigned as the world's greatest living golfer, having single-handedly increased the popularity of the game and become one of the most recognized faces in the world. His major knee surgery in 2008 and his subsequent extended absence from professional play have raised questions about whether he will be able to return to the same level of play and fulfil his destiny that had before appeared all but assured. However, more than just Tiger's legacy hangs in the balance - his continued winning is crucial for the entire sport, so the stakes are huge for fans, the pro tour, the networks, sponsors, not to mention all the individuals and businesses that make a living off golf. Journalist Robert Lusetich will follow Woods throughout the year at the tournaments he plays and interview tournament directors, agents, caddies, PGA Tour officials, sponsors, rival players and those inside Woods' camp to present a behind-the-scenes insider look at how the season unfolds. In addition to providing what is sure to be a compelling narrative of the tournament highlights, Lusetich will portray the tensions and atmosphere that happen off the course. Woods has been compared to Secretariat because of his awesome capacity to win, no matter the odds, but if his comeback succeeds, perhaps the better equine analogy would be to Seabiscuit; the people's champion of the 1930s who inspired a nation down on its luck. Woods has rarely disappointed,

and there is good reason to believe that 2009 will end as a remarkable year for Woods and his many fans.
